

Chemistry Halloween House

Wednesday, October 24th
4:00-7:00 PM

2nd Floor McCollum Science Hall

In celebration of National Chemistry Week the UNI student affiliates of the American Chemical Society are hosting a Halloween House. The evening includes a wide variety of chemical and scientific demonstrations for the entertainment and interactive education of elementary, middle, and junior high students. The event will be held on Wednesday, October 24th from 4:00PM -7:00PM on the second floor of McCollum Science Hall. Enchanting refreshments will be provided. All are welcome in the spirit of Halloween to join us for a bewitching night of chemistry.
